Beautiful Shades of Brown Feb 29 2020 Growing up in the late 19th century, Laura Wheeler Waring didn't see any artists who looked like her. She didn't see any paintings of people who looked like her, either. As a young woman studying art in Paris, she found inspiration in the works of Matisse and Gauguin to paint the people she knew best. Back in Philadelphia, the Harmon Foundation commissioned her to paint portraits of accomplished African-Americans. Her portraits still hang in Washington DC's National Portrait Gallery, where children of all races can admire the beautiful shades of brown she captured.

Only the memory of an unwanted child, buried in an undisclosed location, can hope to deliver this family from its sin.

Access All Areas Oct 07 2020 Entertaining, crazy, and hilarious stories from Scott Ian of Anthrax Scott Ian, famous for cofounding legendary thrash metal band Anthrax and only slightly less so for his iconic beard, has done and seen a lot in his decades of touring. Those of you who have read Scott's memoir *I'm the Man* may know the history of the band, but *Access All Areas* divulges all the zany, bizarre, funny, and captivating tales of what went on when the band wasn't busy crafting chart-topping albums. In his more than thirty years immersed in the hard rock scene, Scott has witnessed haunting acts of depravity backstage, punched a legendary musician, been a bouncer at an exclusive night club, guest-starred with Anthrax on *Married with Children*, invaded a fellow rock star's home, played poker professionally, gone on a non-date with a certain material girl, appeared on *The Walking Dead*, and much more. *Access All Areas* allows its readers to do just that. With humor, candor, hindsight, and writing chops that would make Stephen King jealous (nope, not even on Bizarro world), Scott Ian takes his fans along for the ride at all the parties, hot spots, and behind-the-scenes shenanigans they will never hear about from anyone else. And none of it would have happened without a bit of divine inspiration from KISS. (No, seriously. Read chapter two.) Best of all, Scott seemingly lacks the ability to be embarrassed, making *Access All Areas* howlingly funny, self-deprecating, and every bit as brash and brazen as one would expect from one of the original architects of speed metal.

Endurance Feb 08 2021 NATIONAL BEST SELLER A stunning, personal memoir from the astronaut and modern-day hero who spent a record-breaking year aboard the International Space Station--a message of hope for the future that will inspire for generations to come. The veteran of four spaceflights and the American record holder for consecutive days spent in space, Scott Kelly has experienced things very few have. Now, he takes us inside a sphere utterly hostile to human life. He describes navigating the extreme challenge of long-term spaceflight, both life-threatening and mundane: the devastating effects on the body; the isolation from everyone he loves and the comforts of Earth; the catastrophic risks of colliding with space junk; and the still more haunting threat of being unable to help should tragedy strike at home--an agonizing situation Kelly faced when, on a previous mission, his twin brother's wife, American Congresswoman Gabrielle Giffords, was shot while he still had two months in space. Kelly's humanity, compassion, humor, and determination resonate throughout, as he recalls his rough-and-tumble New Jersey childhood and the youthful inspiration that sparked his astounding career, and as he makes clear his belief that Mars will be the next, ultimately challenging, step in spaceflight. In *Endurance*, we see the triumph of the human imagination, the strength of the human will, and the infinite wonder of the galaxy.

Lost Memory of Skin Jul 24 2019 The author of *Continental Drift*, *Rule of the Bone* and *The Sweet Hereafter* returns with a very original, riveting mystery about a young outcast, and a contemporary tale of guilt and redemption. The perfect convergence of writer and subject, *Lost Memory of Skin* probes the zeitgeist of a troubled society where zero tolerance has erased any hope of subtlety and compassion. Suspended in a modern-day version of limbo, the young man at the centre of Russell Banks's uncompromising and morally complex new novel must create a life for himself in the wake of incarceration. Known in his new identity only as the Kid, he is shackled to a GPS monitoring device and forbidden to go near where children might gather. He takes up residence under a south Florida causeway, in a makeshift encampment with other convicted sex offenders. Barely beyond childhood himself, the Kid, despite his crime, is in many ways an innocent. Enter the Professor, a university sociologist of enormous size and intellect who finds in the Kid the perfect subject for his research. But when the Professor's past resurfaces and threatens to destroy his carefully constructed world, the balance in the two men's relationship shifts. Banks has long been one of our most acute and insightful novelists. *Lost Memory of Skin* is a masterful work of fiction that unfolds in language both powerful and beautifully lyrical.

The Seventh Day Jul 28 2022 Originally published as a Kindle Serial.

Dying to Be Normal Sep 17 2021 On October 14, 1998, five thousand people gathered on the steps of the U.S. Capitol to mourn the death of Matthew Shepard, a gay college student who had been murdered in Wyoming eight days earlier. Politicians and celebrities addressed the crowd and the televised national audience to share their grief with the country. Never before had a gay citizen's murder elicited such widespread outrage or concern from straight Americans. In *Dying to Be Normal*, Brett Krutzsch argues that gay activists memorialized people like Shepard as part of a political strategy to present gays as similar to the country's dominant class of white, straight Christians. Through an examination of publicly mourned gay deaths, Krutzsch counters the common perception that LGBT politics and religion have been oppositional and reveals how gay activists used religion to bolster the argument that gays are essentially the same as straights, and therefore deserving of equal rights. Krutzsch's analysis turns to the memorialization of Shepard, Harvey Milk, Tyler Clementi, Brandon Teena, and F. C. Martinez, to campaigns like the It Gets Better Project, and national tragedies like the Pulse nightclub shooting to illustrate how activists used prominent deaths to win acceptance, influence political debates over LGBT rights, and encourage assimilation. Throughout, Krutzsch shows how, in the fight for greater social inclusion, activists relied on Christian values and rhetoric to portray gays as upstanding Americans. As Krutzsch demonstrates, gay activists regularly reinforced a white Protestant vision of acceptable American citizenship that often excluded people of color, gender-variant individuals, non-Christians, and those who did not adhere to Protestant Christianity's sexual standards. The first book to detail how martyrdom has influenced national debates over LGBT rights, *Dying to Be Normal* establishes how religion has shaped gay assimilation in the United States and the mainstreaming of particular gays as "normal" Americans.

The Laughing Monsters Apr 24 2022 Denis Johnson's New York Times bestseller, *The Laughing Monsters*, is a high-suspense tale of kaleidoscoping loyalties in the post-9/11 world that shows one of our great novelists at the top of his game. Roland Nair calls himself Scandinavian but travels on a U.S. passport. After ten years' absence, he returns to Freetown, Sierra Leone, to reunite with his friend Michael Adriko. They once made a lot of money here during the country's civil war, and, curious to see whether good luck will strike twice in the same place, Nair has allowed himself to be drawn back to a region he considers hopeless. Adriko is an African who styles himself a soldier of fortune and who claims to have served, at various times, the Ghanaian army, the Kuwaiti Emiri Guard, and the American Green Berets. He's probably broke now, but he remains, at thirty-six, as stirred by his own doubtful schemes as he was a decade ago. Although Nair believes some kind of money-making plan lies at the back of it all, Adriko's stated reason for inviting his friend to Freetown is for Nair to meet Adriko's fiancée, a grad student from Colorado named Davidia. Together the three set out to visit Adriko's clan in the Uganda-Congo borderland—but each of these travelers is keeping secrets from the others. Their journey through a land abandoned by the future leads Nair, Adriko, and Davidia to meet themselves not in a new light, but rather in a new darkness.

The Son Dec 21 2021 THE NEW YORK TIMES BESTSELLER NOW A MAJOR TV SERIES starring Pierce Brosnan and co-written by Philipp Meyer The critically acclaimed, New York Times best-selling epic, a saga of land, blood and power, follows the rise of one unforgettable Texas family from the Comanche raids of the 1800s to the oil booms of the 20th century. Eli McCullough is just twelve years old when a marauding band of Comanche storm his Texas homestead, brutally murder his mother and sister and take him captive. Despite their torture and cruelty, Eli - against all odds - adapts to life with the Comanche, learning their ways and language, taking on a new name, finding a place as the adopted son of the band's chief and fighting their wars against not only other Indians but white men too, which complicates his sense of loyalty, his promised vengeance and his very understanding of self. But when disease, starvation and westward expansion finally decimate the Comanche, Eli is left alone in a world in which he belongs nowhere, neither white nor Indian, civilized nor fully wild. Deftly interweaving Eli's story with those of his son Peter and his great-granddaughter JA, *The Son* maps the legacy of Eli's ruthlessness, his drive to power and his lifelong status as an outsider, even as the McCullough family rises to become one of the richest in Texas, a ranching and oil dynasty that is as resilient and dangerous as the land they claim. Yet, like all empires, the McCulloughs must eventually face the consequences of their choices. Panoramic, deeply evocative and utterly transporting, *The Son* is a masterpiece American novel - part epic of Texas, part classic coming-of-age story - that combines the narrative prowess of Larry McMurtry with the knife-edge sharpness of Cormac McCarthy. 'Stunning ... a book that for once really does deserve to be called a masterpiece' Kate Atkinson 'Magnificent ... McCarthy's *Border Trilogy* is a point of reference, as is *There Will Be Blood*, but it is not fanciful to be reminded of certain passages from *Moby-Dick* - it's that good' *The Times* 'Brilliant ... a wonderful novel' Lionel Shriver

Fifth Avenue, 5 A.M. Mar 31 2020 Before Breakfast at Tiffany's Audrey Hepburn was still a little-known actress with few film roles to speak of; after it - indeed, because of it - she was one of the world's most famous fashion, style and screen icons. It was this film that matched her with Hubert de Givenchy's "little black dress". Meanwhile, Truman Capote's original novel is itself a modern classic selling huge numbers every year, and its high-living author of perennial interest. Now, this little book tells the story of how it all happened: how Audrey got the role (for which at first she wasn't considered, and which she at first didn't want); how long it took to get the script right; how it made Blake Edwards' name as a director after too many trashy films had failed to; and how Henry Mancini's soundtrack with its memorable signature tune 'Moon River' completed the irresistible package. This is the story of how one shy, uncertain, inexperienced young actress was persuaded to take on a role she at first thought too hard-edged and amoral - and how it made Audrey Hepburn into gamine, elusive Holly Golightly in the little black dress - and a star for the rest of her life.

This Child of Faith Nov 07 2020 Tain Gregory was present in his third grade classroom on the morning of December 14, 2012, the date of the Sandy Hook shootings. As part of the healing process for the community after the tragedy Tain was asked "What's the most important thing in the world to you?" His mother expected an answer about a video game or Pokemon trading card. Tain thought for a moment then answered with one word. "God." Until that moment, Tain's mother had no idea how close to the surface Tain's faith existed for him. This is a fascinating look at the journey of two souls, both Tain's and his mother's, that began with Tain enrolling in Sunday School and led to a strong life of faith for both of them. In *This Child of Faith*, Sophronia and Tain share stories, experience and ideas to help parents get to the heart of a question that becomes more perturbing as our world grows ever more complicated: How do you help a child have faith—real faith, something he or she owns and not a regurgitation of something they've heard? How do you create a life space where they can learn to understand what they believe? Tain's stories include early encounters with death and, of course, the shootings at Sandy Hook where he was present in his third grade classroom on the morning of December 14, 2012. Tain is now entering an age where his peers are questioning everything and saying "everything just goes black" when you die, but because of his faith, Tain knows differently. "In this beautiful and timely memoir, mother and son share insights from a family's spiritual awakening, a journey that led to a deep experience of God and a new way of life in the world. Not only do they offer practical advice on faith formation, but they tackle a difficult question: How does faith prepare us not only life's joys but for its most shocking tragedies? The answer is deceptively simple: by paying attention to the Spirit and trusting one another. Read this one and weep. And discover the hope of a child." —Diana Butler Bass, Author, *Grounded: Finding God in the World, A Spiritual Revolution* "When children begin to ask the big questions in life, many parents feel unprepared. What's more, their own yearning to find meaning, hope, and a deeper faith may be ignited. In this unblinkingly honest and tender work, Sophronia Scott and her son, Tain, share their journey of faith. From her roots growing up in a large Baptist family in Ohio, to her spiritual curiosity as a Harvard undergrad, to her commitment to honor her young son's request to attend Sunday School, Sophronia gently models how to nurture the innate spirituality and faith of a child. In doing so, her own faith grows and deepens as well. And when the trials come, such as the deaths of several people close to her and her family, she is more prepared to help Tain understand and accept these losses. *This Child of Faith* doesn't claim to know all the answers, but it serves as a moving testimony to the power of faith when a family embarks upon the journey together." —Rev. Andrea Raynor, author of *Incognito: Lost and Found at Harvard Divinity School*

Moonlighting Apr 12 2021 Once upon a time ABC-TV's *Moonlighting* was among the most buzzed-about shows in the country, thanks largely to the bravado of creator Glenn Gordon Caron, who never met a television convention he didn't want to break, and the sizzling on-screen chemistry between glamorous erstwhile film star Cybill Shepherd and a New Jersey bartender nobody had ever heard of before named Bruce Willis, who bickered and flirted ceaselessly on screen and engaged in epic off-screen battles that all these years later remain the stuff of Hollywood legend. This combustible blend of creative brilliance produced some of the most acclaimed, audacious, and innovative programming of the eighties, including a black and white tribute to film noir, with an introduction by Orson Welles; a parody of Shakespeare's *The Taming of the Shrew*, written in iambic pentameter; an homage to *The Moonlighters*; and countless metafictional episodes breaking through the fourth wall — almost unheard of at the time for hourlong comedy-dramas. Without a doubt, *Moonlighting* helped pave the way for the era of prestige television we are now all enjoying. The real story of this pioneering television series and the extraordinary behind-the-scenes challenges, battles, and rewards has never been told — until now, Author Scott Ryan (*The Last Days of Letterman*, thirtysomething at thirty: an oral history, *The Blue Rose*, *Scott Luck Stories*) conducted over twenty interviews with the actors, writers, directors, and producers who made *Moonlighting* such a dynamic, unforgettable show, delving deep into their thoughts and feelings as they relive this magical moment in pop culture history in this full color oral history.
