Underexposed! Jun 17 2021 The untold stories behind the 50 greatest movies never made, illustrated by 50 new and original posters For most films, it's a long, strange road from concept to screen, and sometimes those roads lead to dead ends. In Underexposed! The 50 Greatest Movies Never Made, screenwriter and filmmaker Joshua Hull guides readers through development hell. With humor and reverence, Hull details the speed bumps and roadblocks that kept these films from ever reaching the silver screen. From the misguided and rejected, like Stanley Kubrick's *Lord of the Rings* starring the Beatles; to films that changed hands and pulled a U-turn in development, like Steven Spielberg's planned *Olebo* adaptation starring Will Smith; to would-be masterpieces that might still see the light of day, like Guillermo del Toro's *In the Mountains of Madness*, Hull discusses plotlines, rumored casting, and more. To help bring these lost projects to life, 50 artists from around the world, in association with the online art collective PosterSpy, have contributed original posters that accompany each essay and give a glimpse of what might have been.

Indiana Jul 27 2019 Indiana, a young woman stuck in a loveless marriage, is seduced by a charming neighbor who is not as polished and pure as he appears. She embarks on a journey to find real love, leading to an unexpected discovery about the object of her affection. Indiana is a young woman from French Louisiana who's married to the much older Colonel Delmare. Their union is strict and often oppressive, leaving her unfulfilled. Indiana shares their home with her cousin Ralph and her loyal maid, Noun. One evening they encounter a handsome young man, Raymon de Ramière, who becomes interested in Indiana. Yet, prior to their meeting, Raymon had already seduced Noun who is pregnant with his child. This complicated dynamic forces Indiana to decide what she really wants: passion or stability? Indiana is a bold commentary on the institution of marriage in France. It examines the implied gender roles and responsibilities pushed upon women. Sand champions the need for passion and true love, regardless of social convention. With an eye-catching new cover, and professionally typeset manuscript, this edition of *Indiana* is both modern and readable.

Imagined Human Beings Sep 08 2020 One of literature's greatest gifts is its portrayal of realistically drawn characters--human beings in whom we can recognize motivations and emotions. In *Imagined Human Beings*, Bernard J. Paris explores the inner conflicts of some of literature's most famous characters, using Karen Horney's psychoanalytic theories to understand the behavior of these characters as we would the behavior of real people. When realistically drawn characters are understood in psychological terms, they tend to escape their roles in the plot and thus subvert the view of them advanced by the author. A Horneyan approach both alerts us to conflicts between plot and characterization, rhetoric and mimesis, and helps us understand the forces in the author's personality that generate them. The Horneyan model can make sense of thematic inconsistencies by seeing them as the product of the author's inner divisions. Paris uses this approach to explore a wide range of texts, including *Antigone*, "The Clerk's Tale," *The Merchant of Venice*, *A Doll's House*, *Hedda Gabler*, *Great Expectations*, *Jane Eyre*, *The Mayor of Casterbridge*, *Wuthering Heights*, *Madame Bovary*, *The Awakening*, and *The End of the Road*.

Backwards Jun 05 2020 We join them just as Dave Lister has finally found his way back to planet Earth - which is good. What's bad, however, is that time isn't running in quite the right direction. And if he doesn't get off the planet soon, he's going to have to go through puberty again - backwards. If his crewmates can't help him, Lister will carry on growing younger until he becomes a baby, then an embryo, meeting a very sticky end indeed.

Sequoyah Nov 10 2020 The story of Sequoyah is the tale of an ordinary man with an extraordinary idea--to create a writing system for the Cherokee Indians and turn his people into a nation of readers and writers. The task he set for himself was daunting. Sequoyah knew no English and had no idea how to capture speech on paper. But slowly and painstakingly, ignoring the hoots and jibes of his neighbors and friends, he worked out a system that surprised the Cherokee Nation--and the world of the 1820s--with its beauty and simplicity. James Rumford's Sequoyah is a poem to celebrate literacy, a song of a people's struggle to stand tall and proud.

Tinderbox Dec 12 2020 "Among many recent books on Pakistan, Mr. Akbar's stands out...A fine and detailed history of Indian Muslim anger and insecurity." --The Economist In *Tinderbox*, India's leading journalist delivers a fascinating narrative history of Pakistan, chronicling the conflict between Muslim and Hindu cultures in South Asia and describing the role that their relationship has played in defining both the country and the region. Panoramic in scope but specific in detail, with rich portraits of the central figures and events that have defined the nation's history, Akbar's *Tinderbox* tells the Pakistani story from the Middle Ages to the present, puts the Taliban and its place within modern Islam into a meaningful context, and diagnoses where the country is headed in the 21st century.

The Killing of Shishupala Jul 07 2020 Magha's *The Killing of Shishupala*, written in the seventh century, is a celebrated example of the Sanskrit genre known as mahākāvya, or great poem. This adaptation from the epic Mahābhārata tells the story of Shishupala, who disrupts Yudhishtira's coronation by refusing to honor Krishna, the king's principal ally and a manifestation of divinity. When Shishupala challenges Krishna to combat, he is immediately beheaded. Magha, who was likely a court poet in western India, draws on the rich stylistic resources of Sanskrit poetry to imbue his work with unparalleled sophistication. He expands the narrative's cosmic implications through elaborate depictions of the natural world and intense erotic sensuality, mixing myth and classical erudition with scenes of political debate and battlefield slaughter. Krishna is variously portrayed as refined prince, formidable warrior, and incarnation of the god Vishnu protecting the world from demonic threat. With this translation of *The Killing of Shishupala*, presented alongside the original text in the Devanagari script, English readers for the first time gain access to a masterwork that has dazzled Indian audiences for a thousand years.

Kapoors Nov 22 2021 'We are like the Corleones in The Godfather'--Randhir Kapoor There is no film family quite like the Kapoors. A family of professional actors and directors, they span almost eighty years of film-making in India, from the 1920s to the present. Each decade in the history of Hindi films has had at least one Kapoor--if not more--playing a large part in defining it. Never before have four generations of this family--or five, if you include Bhashernath Kapoor, Prithviraj Kapoor's father, who played the judge in *Awaraz*--been brought together in one book. The Kapoors details the professional careers and personal lives of each generation--box-office successes and failures, the ideologies that informed their work, the larger-than-life Kapoor weddings and Holi celebrations, their extraordinary romantic liaisons and family relationships, their love for food and their dark passages with alcohol. Based on extensive personal interviews conducted over seven years with family members and friends, Madhu Jain goes behind the façade of each member of the Kapoor clan to reveal what makes them tick. The Kapoors resembles the films that the great showman Raj Kapoor made: grand and sweeping, with moments of high drama and touching emotion. 'Few books on Indian cinema have been written with such wit, clarity and sparkle'--*Outlook* 'Jain writes in a language that is simple and pithy. . . it will keep alive public interest in the Kapoors who refuse to call it a day'--*Telegraph* 'Immensely readable. . . will surely find a place in the Indian cineaste's library'--*Biblio*

Girls & Sex Dec 24 2021 A generation gap has emerged between parents and their girls. The mothers and fathers of tomorrow's women have little idea what their daughters are up to sexually or how they feel about it. River of Ink Jan 25 2022 In thirteenth-century Sri Lanka, Asanka, poet to the king, lives a life of luxury, enjoying courtly life and a sweet, furtive love affair with a palace servant, a village girl he is teaching to write. But when Magha, a prince from the mainland, usurps the throne, Asanka's role as court poet dramatically alters. Magha is a cruel and calculating king--and yet, a lover of poetry--and he commissions Asanka to translate a holy Sanskrit epic into the Tamil language spoken by his recently acquired subjects. The poem will be an olive branch--a symbol of unity between the two cultures. But in different languages, in different contexts, meaning can become slippery. First inadvertently, then deliberately and dangerously, Asanka's version of the epic, centered on the killing of an unjust ruler, inspires and arouses the oppressed people of the land. Asanka must juggle the capricious demands of a king with the growing demands of his own political consciousness--and his heart--if he wishes to survive and imagine a future with the woman he loves. The first novel from a remarkable young writer, *River of Ink* is a powerful historical tale set in the shadow of oppression--one with deep allegorical resonances in any time--celebrating the triumph of literature and love.

Pandeymonium Mar 27 2022 What makes Piyush Pandey an extraordinary advertising man, friend, partner and leader of men? How does he manage to exude childlike enthusiasm, and bring such deep commitment to his work? You've seen most of the things that Piyush Pandey has seen in his life. You've seen cobblers, carpenters, cricketers, trains, villages, towns and cities. What makes Piyush different is the perspective from which he views the same things you've seen, his ability to store all that he sees into some recesses of his brain and then retrieve them at short notice when he needs to. That ability combined with his love, passion and understanding of advertising and of consumers make him the master storyteller that he is. In Pandeymonium, Piyush talks about his influences, right from his childhood in Jaipur and being a Ranji cricketer, to his philosophy, failures and lessons in advertising in particular and life in general. A History of Saudi Arabia Apr 27 2022 Saudi Arabia is a wealthy and powerful country which wields influence in the West and across the Islamic world. Yet it remains a closed society. Its history in the twentieth century is dominated by the story of state formation. After the collapse of the Ottoman Empire, Ibn Sa'ud fought a long campaign to bring together a disparate people from across the Arabian peninsula. In 1932 the Kingdom of Saudi Arabia was born. Madawi al-Rasheed traces its extraordinary history from the age of emirates in the nineteenth century, through the 1990 Gulf War, to the present day. She fuses chronology with analysis, personal experience with oral histories, and draws on local and foreign documents to illuminate the social and cultural life of the Saudis. This is a rich and rewarding book which will be invaluable to students, and to all those trying to understand the enigma of Saudi Arabia.

Playing It My Way Oct 29 2019 The greatest run-scorer in the history of cricket, Sachin Tendulkar retired in 2013 after an astonishing 24 years at the top. The most celebrated Indian cricketer of all time, he received the Bharat Ratna Award - India's highest civilian honour - on the day of his retirement. Now Sachin Tendulkar tells his own remarkable story - from his first Test cap at the age of 16 to his 100th international century and the emotional final farewell that brought his country to a standstill. When a boisterous Mumbai youngster's excess energies were channelled into cricket, the result was record-breaking schoolboy batting exploits that launched the career of a cricketing phenomenon. Before long Sachin Tendulkar was the cornerstone of India's batting line-up, his every move watched by a cricket-mad nation's devoted followers. Never has a cricketer been burdened with so many expectations; never has a cricketer performed at such a high level for so long and with such style - scoring more runs and making more centuries than any other player, in both Tests and one-day games. And perhaps only one cricketer could have brought together a shocked nation by defiantly scoring a Test century shortly after terrorist attacks rocked Mumbai. His many achievements with India include winning the World Cup and topping the world Test rankings. Yet he has also known his fair share of frustration and failure - from injuries and early World Cup exits to stinging criticism from the press, especially during his unhappy tenure as captain. Despite his celebrity status, Sachin Tendulkar has always remained a very private man, devoted to his family and his country. Now, for the first time, he provides a fascinating insight into his personal life and gives a frank and revealing account of a sporting life like no other.
