Resurrection and Reception in Early Christianity Jul 02 2022 This book offers an original interpretation of the origin and early reception of the most fundamental claim of Christianity: Jesus' resurrection. Richard Miller contends that the earliest Christians would not have considered the New Testament accounts of Jesus' resurrection to be literal or historical, but instead would have recognized this narrative as an instance of the trope of divine translation, common within the Hellenistic and Roman mythic traditions. Given this framework, Miller argues, early Christians would have understood the resurrection story as fictitious rather than historical in nature. By drawing connections between the Gospels and ancient Greek and Roman literature, Miller makes the case that the narratives of the resurrection and ascension of Christ applied extensive and unmistakable structural and symbolic language common to Mediterranean "translation fables," stock story patterns derived particularly from the archetypal myths of Heracles and Romulus. In the course of his argument, the author applies a critical lens to the referential and mimetic nature of the Gospel stories, and suggests that adapting the "translation fable" trope to accounts of Jesus' resurrection functioned to exalt him to the level of the heroes, demigods, and emperors of the Hellenistic and Roman world. Miller's contentions have significant implications for New Testament scholarship and will provoke discussion among scholars of early Christianity and Classical studies.

Two Blankets: A Novel of the West Jun 08 2020 Trapped in the deadly conflict between two cultures, a young native girl struggles to survive. In 1850, on the great Columbia River, a ten-year-old Nez Perce girl's life is changed forever. Stolen and made a mistshimus—a slave—to the Chinook, Little Mouse struggles to escape only to be caught and beaten. Tracked and returned a third time, the chief of the local band, Tyee Running Blade, says he will kill her on her next attempt. She knows defeat at last and becomes Girl-With-No-Name, for as a mistshimus, she has no right to any property—not even a name. When she becomes a woman, her favors are sold to the Tyee's son, Standing Bear. Unfortunately, they develop an affection for each other, something forbidden to a mistshimus and noble-born. She is cut from shoulder to wrist as punishment and sold to a white man, Marshall Johnston, to be his wife. So begin her struggles with a white man who does not care for her and a tribe for respect, earning a place in the history of the Chinook and her own name—Two Blankets. Two Blankets is a true heroine you can believe in. With only the weapons she possesses, her cleverness, integrity, and honesty, can she hope to prevail against a tribe which owns her, a husband who abuses her, and the oncoming flood of settlers to whom she is only an obstacle.

Soldiers Made Me Look Good Nov 13 2020 A riveting follow-up to the best-selling Peacekeeper, including MacKenzie's provocative views on leadership and the current state of the Canadian Armed Forces. Since retiring from the Armed Forces, Lewis MacKenzie has not stayed out of the spotlight but continues to speak his mind. In this straight-talking memoir, he traces his post-military career as an international commentator on military affairs, a consultant to the Irish government and a federal political candidate. And here, he answers his critics, including journalist Carol Off for her criticism of his handling of the UN mission in Bosnia. In a hard-hitting chapter, he discusses his professional disagreement with the leadership priorities demonstrated by Romi Dallaire in the early hours of the Rwandan genocide. He continues his story to the present, to the first real litmus test for nato. -- Afghanistan. Divided into two parts -- pre-1993, when MacKenzie calls himself a Cold War grunt, and post-1993, after his controversial stint in Bosnia -- Soldiers Made Me Look Good is laced with anecdotes both funny and profound. It concludes with ten pointers on leadership, in which Lewis MacKenzie shares hard-earned insights from a life on the front lines.

Continuously Variable Transmission (CVT) Jul 30 2019 This reference contains the latest knowledge on vehicle development with CVT powertrains, transmission assembly design and performance, and the design and development of the five major components of CVT technology: launch device, variator systems, geartrains, control systems, and lubrication. Building on an earlier SAE publication, the 37 technical papers selected for this book cover updated information on a variety of topics within the area of CVTs. Although this book is not intended to represent the full body of CVT technology, it provides technical presentations and their reference documents, which can lead to discussions covering several topics of interest in CVTs.

On a Global Mission: The Automobiles of General Motors International Volume 3 Oct 25 2021 Volume One traces the history of Opel and Vauxhall separately from inception through to the 1970s and thereafter collectively to 2015. Special attention is devoted to examining innovative engineering features and the role Opel has taken of providing global platforms for GM. Each model is examined individually and supplemented by exhaustive supporting specification tables. The fascinating history of Saab and Lotus begins with their humble beginnings and examines each model in detail and looks at why these unusual marques came under the GM Banner. Included is a penetrating review of Saab through to its unfortunate demise. Volume Two examines unique models and variations of Chevrolet and Buick manufactured in the Southern Hemisphere and Asia but never offered in North America. Daewoo, Wuling and Baojun are other Asian brands covered in detail. This volume concludes with recording the remarkable early success of Holden and its continued independence through to today. Volume Three covers the smaller assembly operations around the world and the evolution of GM's export operations. A brief history of Isuzu, Subaru and Suzuki looks at the three minority interests GM held in Asia. The GM North American model specifications are the most comprehensive to be found in a single book. Global and regional sales statistics are included. GM executives and management from around the globe are listed with the roles they held. An index ensures that these volumes serve as the ideal reference source on GM.

Foreign Object Debris and Damage in Aviation Dec 15 2020 Foreign Object Debris and Damage in Aviation discusses both biological and non-biological Foreign Object Debris (FOD) and associated Foreign Object Damage (FOD) in aviation. The book provides a comprehensive treatment of the wide spectrum of FOD with numerous cost, management, and wildlife considerations. Management control for the debris begins at the aircraft design phase, and the book includes numerical analyses for estimating damage caused by strikes. The book explores aircraft operation in adverse weather conditions and inanimate FOD management programs for airports, airlines, airframe, and engine manufacturers. It focuses on the sources of FOD, the categories of damage caused by FOD, and both the direct and indirect costs caused by FOD. In addition, the book provides management plans for wildlife, including positive and passive methods. The book will interest aviation industry personnel, aircraft transport and ground operators, aircraft pilots, and aerospace or aviation engineers. Readers will learn to manage FOD to guarantee air traffic safety with minimum costs to airlines and airports.

The Tale of a Dragon Apr 30 2022 Jenny Salter is a sixteen-year-old girl on her way home from school one day, excited to share some good

news with her grandmother, when she notices something strange: her grandmother's house is locked and the curtains drawn. Inside, she encounters a strange and violent scene, and her grandmother—Grace Salter—is nowhere to be seen. Little does she know that her entire world is about to be turned upside-down by Vancouver's most notorious—and elusive—psychopathic criminal: Jake Lazeer. Jake Lazeer is a thirty-five-year-old man who kills with ease and only has two things on his mind: money and the thrill of the crime. We first find him with his criminal partner, Harry, who have both forced Grace from her home, trying to get her to divulge the location of the key to her safety deposit box. When they return to her house, chaos ensues: a helpful neighbour is brutally murdered, and Jenny is also kidnapped. Jake then leads the two women on a nightmarish ride through BC, Alberta, and Saskatchewan, using them as hostages in order to cheat and plunder, leaving a trail of death and destruction along the way. The Vancouver City Police and Homicide Unit are hot on his trail, but no matter what happens, Jake always seems to find a way to evade and outsmart them. Will the police at last be able to detain this criminal and hold him accountable for his heinous crimes? Or will his psychopathic behaviour allow him to slip out from under the hand of justice?
