Becoming Superman Sep 29 2022 A Hugo Award Nominee! Featuring an introduction by Neil Gaiman! "J. Michael Straczynski is, without question, one of the greatest science fiction minds of our time." -- Max Brooks (World War Z) For four decades, J. Michael Straczynski has been one of the most successful writers in Hollywood, one of the few to forge multiple careers in movies, television and comics. Yet there's one story he's never told before: his own. In this dazzling memoir, the acclaimed writer behind Babylon 5, Sense8, Clint Eastwood's Changeling and

Marvel's Thor reveals how the power of creativity and imagination enabled him to overcome the horrors of his youth and a dysfunctional family haunted by madness, murder and a terrible secret. Joe's early life nearly defies belief. Raised by damaged adults—a con-man grandfather and a manipulative grandmother, a violent, drunken father and a mother who was repeatedly institutionalized—Joe grew up in abject poverty, living in slums and projects when not on the road, crisscrossing the country in his father's desperate attempts to escape the consequences of his past. To survive his abusive environment Joe found refuge in his beloved comics and his dreams, immersing himself in imaginary worlds populated by superheroes whose amazing powers allowed them to overcome any adversity. The deeper he read, the more he came to realize that he, too, had a superpower: the ability to tell stories and make everything come out the way he wanted it. But even as he found success, he could not escape a dark and shocking secret that hung over his family's past, a violent truth that he uncovered over the course of decades involving mass murder. Straczynski's personal history has always been shrouded in mystery. *Becoming Superman* lays bare the facts of his life: a story of creation and darkness, hope and success, a larger-than-life villain and a little boy who became the hero of his own life. It is also a compelling behind-the-scenes look at some of the most successful TV series and movies recognized around the world.

"Repent, Harlequin!" Said the Ticktockman Jul 28 2022 Winner of the Hugo and Nebula Awards: A science fiction classic about an antiestablishment rebel set on overthrowing the totalitarian society of the future. One of science fiction's most antiestablishment authors rails against the accepted order while questioning blind obedience to the state in this unique pairing of short story and essay. "Repent, Harlequin! Said the Ticktockman" is set in a dystopian future society in which time is regulated by a heavy bureaucratic hand known as the Ticktockman. The rebellious Everett C. Marm flouts convention, masquerading as the anarchic Harlequin, disrupting the precise schedule with bullhorns and jellybeans in a world where being late is nothing short of a crime. But when his love, Pretty Alice, betrays Everett out of a desire

to return to the punctuality to which she is programmed, he is forced to face the Ticktockman and his gauntlet of consequences. The bonus essay included in this volume, "Stealing Tomorrow," is a hard-to-find Harlan Ellison masterwork, an exploration of the rebellious nature of the writer's soul. Waxing poetic on humankind's intellectual capabilities versus its emotional shortcomings, the author depicts an inner self that guides his words against the established bureaucracies, assuring us that the intent of his soul is to "come lumbering into town on a pink-and-yellow elephant, fast as Pegasus, and throw down on the established order." Winner of the Prometheus Hall of Fame Award, "'Repent, Harlequin!' Said the Ticktockman" has become one of the most reprinted short stories in the English language. Fans of George Orwell's Nineteen Eighty-Four and Aldous Huxley's Brave New World will delight in this antiestablishment vision of a Big Brother society and the rebel determined to take it down. The perfect complement, "Stealing Tomorrow" is a hidden gem that reinforces Ellison's belief in humankind's inner nobility and the necessity to buck totalitarian forces that hamper our steady evolution.

Together We Will Go Oct 31 2022 The Breakfast Club meets The Silver Linings Playbook in this powerful, provocative, and heartfelt novel about twelve strangers who come together to make the most of their final days, from New York Times bestselling and award-winning author J. Michael Straczynski. Mark Antonelli, a failed young writer looking down the barrel at thirty, is planning a cross-country road trip. He buys a beat-up old tour bus. He hires a young army vet to drive it. He puts out an ad for others to join him along the way. But this will be a road trip like no other: His passengers are all fellow disheartened souls who have decided that this will be their final journey—upon arrival in San Francisco, they will find a cliff with an amazing view of the ocean at sunset, hit the gas, and drive out of this world. The unlikely companions include a young woman with a chronic pain sensory disorder and another who was relentlessly bullied at school for her size; a bipolar, party-loving neo-hippie; a gentle coder with a literal hole in his heart and blue skin; and a poet dreaming of a better world beyond this one. We get to know them through access to their texts, emails, voicemails, and the daily journal entries they write as the price of admission for this trip. By turns tragic, funny, quirky, charming, and deeply moving, *Together We Will Go* explores the decisions that brings these characters together, and the relationships that grow between them, with some discovering love and affection for the first time. But as they cross state lines and complications to the initial plan arise, it becomes clear that this is a novel as much about the will to live as it is the choice to end it. The final, unforgettable moments as they hurtle toward the outcomes awaiting them will be remembered for a lifetime.
