**Ohé! les p'tits agneaux!, Part 1** Jun 27 2019 This edition presents, for the first time ever, the complete text and music of a nineteenth-century Parisian revue de fin d'année, providing a glimpse into an aspect of the theatrical and musical life of Paris that has generally been overlooked by scholars. Ohé! les p'tits agneaux!, the revue put on by the Théâtre des Variétés for the year 1857, was a gigantic theatrical spectacle in three acts and ten tableaux, with ninety-one separate roles played by twenty-three men and eighteen women, including extras, chorus, and dancers. Its music was assembled from popular tunes and musical theater pieces of the time, and its libretto (by playwrights Théodore Cogniard and Clairville) provides bitingly humorous commentary on contemporary events and theatrical productions.

**Istanbul - Kushta - Constantinople** Apr 05 2020 Istanbul – Kushta – Constantinople presents twelve studies that draw on contemporary life narratives that shed light on little explored aspects of nineteenth-century Ottoman Istanbul. As a broad category of personal writing that goes beyond the traditional confines of the autobiography, life narratives range from memoirs, letters, reports, travelogues and descriptions of daily life in the city and its different neighborhoods. By focusing on individual experiences and perspectives, life narratives allow the historian to transcend rigid political narratives and to recover lost voices, especially of those underrepresented groups, including women and members of non-Muslim communities. The studies of this volume focus on a variety of narratives produced by Muslim and Christian women, by non-Muslims and Muslims, as well as by natives and outsiders alike. They dispel European Orientalist stereotypes and cross class divides and ethnic identities. Travel accounts of outsiders provide us with valuable observations of daily life in the city that residents often overlooked.

*The Canon and the Archive* Jun 19 2021 Ríos-Font re-reads nineteenth- and twentieth-century Spanish texts and authors that have tested the boundary between high and low, repositioning them within Spanish critical tradition. Through these self-reflexive readings, the book explores how the definition of literature has changed in more than two centuries of modernity in Spain, and the institutional and cultural negotiations behind this change. "--Jacket.

**Europe and Love in Cinema** Jul 29 2019 Europe and Love in Cinema explores the relationship between love and Europeanness in a wide range of films from the 1920s to the present. A critical look at the manner in which love—in its broadest sense—is portrayed in cinema from across Europe and the United States, this volume exposes constructed notions of "Europeanness" that both set Europe apart and define some parts of it as more "European" than others. Through the international distribution process, these films in turn engage with ideas of Europe from both outside and within, while some, treated extensively in this volume, even offer alternative models of love. A bracing collection of essays from top film scholars, Europe and Love in Cinema demonstrates the centrality of desire to film narrative and explores multiple models of love within Europe's frontiers.

**Serials and Series** Mar 17 2021 While many fans remember The Lone Ranger, Ace Drummond and others, fewer focus on the facts that serials had their roots in silent film and that many foreign studios also produced serials, though few made it to the United States. The 471 serials and 100 series (continuing productions without the cliffhanger endings) from the United States and 136 serials and 37 series from other countries are included in this comprehensive reference work. Each entry includes title, country of origin, year, studio, number of episodes, running time or number of reels, episode titles, cast, production credits, and a plot synopsis.

**Revolution and Reaction** Jan 03 2020 This book, first published in 1975, examines the events of the French Second Republic, the themes of protest and repression in particular. It analyses how popular discontent is mobilised and becomes political protest and revolution, and how the machinery of government operates in a crisis situation.

**The Edge of Surrealism** Jan 27 2022 The Edge of Surrealism is an essential introduction to the writing of French social theorist Roger Caillois. Caillois was part of the Surrealist avant-garde and in the 1930s founded the College of Sociology with Georges Bataille and Michel Leiris. He spent his life exploring issues raised by this famous group and by Surrealism itself. Though his subjects were diverse, Caillois focused on concerns crucial to modern intellectual life, and his essays offer a unique perspective on many of twentieth-century France's most significant intellectual movements and figures. Including a masterful introductory essay by Claudine Frank situating his work in the context of his life and intellectual milieu, this anthology is the first comprehensive introduction to Caillois's work to appear in any language. These thirty-two essays with commentaries strike a balance between Caillois's political and theoretical writings and his better known works, such as the popular essays on the praying mantis, myth, and mimicry, and his lesser-known pieces. Presenting several new pieces and drawing on interviews and unpublished correspondence, this book reveals Caillois's consistent effort to reconcile intellectual rigor and imaginative adventure. Perhaps most importantly, The Edge of Surrealism provides an overdue look at how Caillois's intellectual project intersected with the work of Georges Bataille and others including Breton, Bachelard, Benjamin, Lacan, and Lévi-Strauss.

*Celebrations and Connections in Hispanic Literature* Oct 24 2021 The volume Celebrations and Connections in Hispanic Literature is itself a celebration of a tradition of scholarly dialogue in a relaxed, festive atmosphere. The articles included here began as papers presented at the 25th Anniversary Edition of the Biennial Louisiana Conference on Hispanic Languages and Literatures, held in Baton Rouge Louisiana, February 23-24, 2006. Each of the authors responds in innovative ways to the idea of connecting texts, contexts, and genres, as well as to the disconnect that is often present between what we perceive as "Hispanic" identity and the experience of those left on the margin. Topics include "Celebrating and Rewriting Difference: (De)colonized Identities," "Word and Image in the Spanish Golden Age," and "Latin American Literature and Politics," among others. The collection is demonstrative of current trends in Hispanic literary and cultural criticism, which are increasingly less bound by traditional regional and temporal constructs. While each author's research is rooted in a specific socio-historic context, their combined contributions to the present volume provide a far-reaching perspective that expands the notion of "text" to go beyond the literary and engage a multitude of disciplines. "...it emphasizes the often illuminating connections among literary and cultural texts which can be drawn when one conceives of Hispanism and its literary and cultural fields as shaped by trends and issues, rather than divided by periods and regions (...)" What strikes me most is the newness of each piece. While each is very well informed, none rehearses old historical or theoretical ground more than is absolutely necessary, but rather presents either a new or overlooked text or offers a new approach." Leslie Bary, University of Louisiana, Lafayette "An impressive array of well-established and younger scholars has produced a volume whose scope is the entire Hispanic world extending from the Golden Age to the contemporary era. (...) This volume will be of interest to all scholars and critics of Hispanic literature as well as to historians and political scientists. Many of the essays challenge traditional assumptions about the colonization of the Hispanic world as well as the motivations for the revolutions for independence whose influence is still strongly alive in contemporary treatments of fundamental questions of national identity, race, class, and gender." *Crime At El Escorial* Mar 05 2020 Crime at El Escorial presents a comparative social and judicial analysis of an 1892 child murder, drawing from newspaper archives among other historical documents. D.J. Walker discusses the role of Spain's intellectual elite in crystallizing dissatisfaction with the popular jury and the impact of journalists' fictionalized representations of the murder.

*Italoamericana* Jun 07 2020 To appreciate the life of the Italian immigrant enclave from the great heart of the Italian migration to its settlement in America requires that one come to know how these immigrants saw their communities as colonies of the mother country. Edited with extraordinary skill, *Italoamericana: The Literature of the Great Migration, 1880-1943* brings to an English-speaking audience a definitive collection of classic writings on, about, and from the formative years of the Italian-American experience. Originally published in Italian, this landmark collection of translated writings establishes a rich, diverse, and mature sense of Italian-American life by allowing readers to see American society through the eyes of Italian-speaking immigrants. Filled with the voices from the first generation of Italian-American life, the book presents a unique treasury of long-inaccessible writing that embodies a literary canon for Italian-American culture—poetry, drama, journalism, political advocacy, history, memoir, biography, and story—the greater part of which has never before been translated. *Italoamericana* introduces a new generation of readers to the "Black Hand" and the organized crime of the 1920s, the incredible "pulp" novels by Bernardino Ciambelli, Paolo Pallavicini, Italo Stanco, Corrado Altavilla, the exhilarating "macchiette" by Eduardo Migliaccio (Farfariello) and Tony Ferrazzano, the comedies by Giovanni De Rosalia, Riccardo Cordifero's dramas and poems, the poetry of Fanny Vanzì-Mussini and Eduardo Migliaccio. Edited by a leading journalist and scholar, *Italoamericana* introduces an important but little-known, largely inaccessible Italian-language literary heritage that defined the Italian-American experience. Organized into five sections—"Annals of the Great Exodus," "Colonial Chronicles," "On Stage (and Off-Stage)," "Anarchists, Socialist, Fascists, Anti-Fascists," and "Apocalyptic Integrated / Integrated Apocalyptic Intellectuals"—the volume distinguishes a literary, cultural, and intellectual history that engages the reader in all sorts of archaeological and genealogical work. **The London Stage 1890-1899** Jul 09 2020 This is a day-by-day calendar of plays produced at the major London theatres from January 1, 1890 to December 31, 1899. Covering dozens of west-end theatres and including production details of thousands of plays, operas, and ballets, this revised edition provides expanded or new information about authors, actors, plots, reviews, and more.

**The Inverted Conquest** Sep 30 2019 Modernismo (1880s-1920s) is considered one of the most groundbreaking literary movements in Hispanic history, as it transformed literature in Spanish to an extent not seen since the Renaissance. As Alejandro Mejias-Lopez demonstrates, however, modernismo was also groundbreaking in another, more radical way: it was the first time a postcolonial literature took over the literary field of the former European metropolis. Expanding Bourdieu's concepts of cultural field and symbolic capital beyond national boundaries, the Inverted Conquest shows how modernismo originated in Latin America and traveled to Spain, where it provoked a complete renovation of Spanish letters and contributed to a national identity crisis. In the process, described by Latin American writers as a reversal of colonial relations, modernismo wrested literary and cultural authority away from Spain, moving the cultural center of the Hispanic world to the Americas. Mejias-Lopez further reveals how Spanish American modernistas confronted the racial supremacist claims and homogenizing force of an Anglo-American modernity that defined the Hispanic as un-modern. Constructing a new Hispanic genealogy, modernistas wrote Spain as the birthplace of modernity and themselves as the true bearers of the modern spirit, moved by the pursuit of knowledge, cosmopolitanism, and cultural miscegenation, rather than technology, consumption, and scientific theories of racial purity. Bound by the intrinsic limits of neocolonial and postcolonial theories, scholarship has been unwilling or unable to explore modernismo's profound implications for our understanding of Western modernities.

**Panoramas Literarios: Espana** Jul 21 2021 Designed for upper-level courses, the second edition of PANORAMAS LITERARIOS: ESPAÑA introduces students to the study of Spanish literature through representative works by major literary figures

from the Middle Ages to the present. This anthology places a strong emphasis on literature of the twentieth and twenty-first centuries and includes some of the most influential and active writers today. The carefully chosen selections exemplify the genres of narrative, drama, and poetry, as well as the most important literary currents of the period under study. This text is part of a two-volume anthology that can be used separately or in conjunction with its companion volume, PANORAMAS LITERARIOS: AMÉRICA HISPANA.
